After one week, there is a fee of one dollar for every change in registration. If for any reason, the instructor will not allow you to take a course for which you are registered, a change of registration slip, signed by your dean, authorizing you to drop the course, must be filed in the office of the registrar.

Credit cannot be obtained for courses for which you are not officially registered in the office of the registrar. Your failure to attend a course for which you are registered will result in your receiving a mark of failure in the course.

Students who for adequate reasons desire to enter classes more than ten days late, must secure permission in writing from the instructor in charge of each class.

Courses dropped after six weeks (May 22, 1944) carry a grade of failure.

WITHDRAWAL FROM THE UNIVERSITY

Any student compelled to leave the University at any time during the academic year, should file an application for withdrawal, bearing the proper signature, in the office of the registrar. If this is not done, the student will not be entitled, as a matter of course, to a certificate of honorable dismissal, and will forfeit his right to any refund to which he would otherwise be entitled.

REFUNDS

Prorated refunds for general fees and for board and lodging are allowed only in case of withdrawal from the University within certain time limits. Consult the catalog for rules governing refunds. After May 8, 1944, prorated refunds will be granted for board only. The date used in computing refunds is the date the application for withdrawal is filed in the office of the registrar. No laboratory fee refunds will be issued after May 22, 1944.

CHANGES IN COLLEGE

To effect a change in college, secure the necessary form from the office of the registrar or your dean's office, and have it signed by the deans concerned. The transfer is not complete until the blank has been signed by the deans and filed in the office of the registrar.

With the exception of the first quarter of the freshman year no change to another college or curriculum is permitted other than at stated registration periods or during the first week of a quarter.

CANDIDATES FOR DEGREES

Every candidate for a degree, who expects to complete his requirements at the end of this quarter must make formal application for a degree on a special form at the inspection desk during registration, or in the Office of the Registrar at least eight weeks prior to the date the candidate expects to complete his course.

GRADUATION REQUIREMENTS ON QUARTER BASIS

For graduation in all undergraduate colleges, except Engineering, 195 quarter credits are required. In Engineering the requirement is 221 to 240 quarter credits. A general C average is required for graduation in all colleges.

A quarter credit equals two-thirds of a semester credit. To convert semester credits to quarter credits, multiply semester credits by three halves. Thus 30 semester credits equal 45 quarter credits.

PHYSICAL EDUCATION REQUIREMENTS

All undergraduate men students carrying more than six quarter credits are required to register every quarter for physical activities, 2 credits. The class meets three two-hour periods a week. Students not qualified to take the regular activities program will be given adaptive work suitable to their physical capacities.

All undergraduate women students carrying more than six quarter credits, are required to carry Hygiene, 2 credits per quarter, for three quarters, and physical activities, 1 credit per quarter, for 12 quarters. Women students who entered prior to the effective date of this requirement (October 1942) are not required to take physical activities their junior and senior years.

MILITARY INSTRUCTION

All physically fit, men undergraduate students, under 26 years of age, registered for more than six quarter credits, are required to carry military instruction. Basic 1 and 2, 3 credits per quarter, until 6 quarters have been completed.

Students who have completed the former Basic two-year course, are required to complete 3 quarters of the new Basic 2 course.
